

Dear Friends,

This month's kick-off event for the **Jeff and Carrla Goldstein Youth and Education Center** was a terrific success! There was a huge outpouring of support from a broad cross section of Beth Tefillah members, Chabad supporters and Chaya Mushka Children's House families.

Those present heard several exciting presentations, including:

- ◆ **Jeff Goldstein** making a passionate case for tzedakah focused on youth and children's programming
- ◆ **Sandy Cooper**, Principal with the architectural firm of Cooper Collins Carusi, presenting the proposed structure of the new building
- ◆ **Ian Ratner** describing the financial infrastructure that will provide the project with integrity and accountability
- ◆ **Phil Cuba** sharing the history of the project, and thanking those who have already been involved in spearheading the project
- ◆ **Steve Alterman** describing what this means for the Community and announcing those who have already made pledges totaling \$2.5 million!

This project will be an exciting shared venture for Chabad, Congregation Beth Tefillah and the Chaya Mushka Children's House. This is not a case of BUILD IT AND THEY WILL COME. For the pre school, currently housed in trailers and an old building, they are already here!

The facility will enable expanded youth and educational programming as well as provide place for events and adult education opportunities.

Plans have been drawn and construction bids are in process.  
Our major focus now is FUNDRAISING.

Our launch event brought in over \$250,000 in additional pledges! Now, we need YOUR support. Attached is a PLEDGE FORM and a return envelope. Please take this opportunity to stand up and be counted. You can discuss your pledge and payment time frame with Rabbi Yossi New, Rabbi Isser New, Ian Ratner or Steve Alterman.

We truly appreciate and look forward to your participation.

*Steve Alterman*  
*Steering Committee Chair*

- ◆ *Chaya Mushka Children's House*
- ◆ *Chabad of Georgia*
- ◆ *Congregation Beth Tefillah*
